Ansh Dubey
UG IIIyear
SGSITS, Indore
D.O.B. : 05-10-2005
Email ID :anshdubey0510@gmail.com

Enrollment No:0801CS243D0
Department : Computer Science Engg.
Gender : Male
Mobile # : +919755319058

Academic Details

Degree	University	Institute	Year of Passing	Percentage
Graduation	RGPV, Bhopal	Shri G.S. Institute of Technology and Science , Indore	2027	92.6(upto 4th semester)
Diploma	RGPV, Bhopal	Sardar Vallabh Bhai Polytechnic College ,Bhopal	2024	90.05
10th	CBSE, New Delhi	Amit Public Hr. Sec. School,Mauganj(Rewa)	2021	87.60

Scholastic Achievements

- Secured the **top position in college for five consecutive semesters**. (S.V. Polytechnic)
- **Awarded by the Commissioner of Technical Education of Madhya Pradesh** for consistently achieving the best results in college.
- Received **"Pratibha Samman"** from the Lions International Club in college.
- Secured **AIR 05** in Diploma Engineering Common Merit List . (CSE)
- Earned a certificate for Active Participation in the **Azure Fundamental Cloud Skill Challenge from Microsoft.**
- Received a **Gold certificate in Machine Learning from IIT Kanpur's** Techkriti '24 Technocruise.
- Received a **Gold certificate in Python Programming from IIT Kanpur's** Techkriti '24 Technocruise.

Academic Projects

IoT-Based Smart Plant Monitoring System February 2024 –May 2024

Proff. Nishant Chaurasia CS department, SVPC(Bhopal)

1. Problem Statement
   This project addresses the common challenge of inadequate plant care due to a lack of timely and accurate information on environmental conditions. The goal was to replace manual observation with an automated, remote system to ensure optimal plant health and growth.
2. Technology Stack
   Hardware: Arduino/Raspberry Pi, Soil Moisture Sensor, DHT11 (Temperature & Humidity) Sensor, Wi-Fi Module (e.g., ESP8266).
   Software: Arduino IDE, Cloud Platforms (e.g., Blynk, Thingspeak, Firebase).
3. Key Features

Real-time Monitoring: The system continuously measured and collected critical data on soil moisture, temperature, and humidity.

2.Retired Mentor | Full-Stack Networking Platform (Agile Methodology)
• Built a professional platform connecting retired experts with mentees for guidance and knowledge sharing.
• Implemented secure authentication (JWT), user profiles, and role-based access control.
• Developed real-time chat and meeting scheduling features to enable seamless interaction.
• Designed and deployed a scalable full-stack solution using React.js, Node.js, Express.js, MongoDB, Vite, and Tailwind CSS..

3.Vakyam Meeting Site | Full-Stack Video Conferencing Platform
• Built a real-time video conferencing web application supporting multiple participants.
• Implemented core features including mute/unmute, video on/off, and secure room management.
• Enabled real-time communication using WebRTC and Socket.io, ensuring low-latency audio/video streaming.
• Developed full-stack functionality using React, Node.js, Express, MongoDB, and REST APIs.

4. MINOR PROJECT - Student Performance Prediction
- Built a machine learning model to predict student performance using attendance, study hours, and academic records
- Implemented classification algorithms using Python and Scikit-learn
- Achieved reliable prediction accuracy after data preprocessing and evaluation

Platforms, Languages, Technologies & Tools Worked

- Operating Systems : Windows
- Programming Skills : C++ ,Python , DSA, Sql ,React JS , Node ,Mongo DB,Machine Learning(CNN,RNN,NEURAL NETWORK WITH MINOR PROJECT)
- Web Designing : Html , CSS , Javascript
- Software Skills : Git , Github , VSCode , Canva , Arduino IDE

Courses Undertaken

Core	Breadth
• Object Oriented Programming Systems • Agile Methodology • Operating System • Database Management Systems • Machine Learning • Data Structures And Algorithms	Technical English Design Thinking

Positions of Responsibility

- Elected as **President of the College** (based on academic merit).
- Served as a **Campus Ambassador for IIT Kanpur**.

- Class Representative (CR) in the second year (based on academic merit).

ExtraCurricular Activities

- **Two-time winner** of the Inter-college Debate Competition.
- Received a certificate for Participating and Winning in a "Tatkalik Bhashan" (Extempore Speech) competition at college.
- Received an NCC "A" Certificate.
- Participated in a State-Level Hackathon in 2023.
- Earned a certificate in a **State-Level Online Competition** for "Creation & Presentation of an Institute Website Homepage Design."

Internship Experience

1.**Machine Learning with Python**
Centre for Research and Industrial Staff Performance (CRISP), Bhopal
May 2023

- Python programming for machine learning
- Understanding of supervised & unsupervised learning
- Basic hands-on experience with ML workflows

2. **IBM SkillsBuild + Edunet Foundation Internship (4 Weeks) With LETTER OF RECOMMENDATION**
   Duration: July 2024 – August 2024 (4 Weeks)
   - Selected for 4-week structured internship under IBM SkillsBuild program
   - Learned Cloud Computing, Artificial Intelligence, Data Analytics, NLP & Chatbots
   - Worked on project-based learning with case studies
   - Gained exposure to IBM Cloud (Watson Studio) and real-world problem solving
   - Participated in mentor-led sessions and student presentations

3.Government Experience(Intern / Contract Staff) <u>WITH STIPEND (1 LAKH)</u>
Department of Technical Education, Govt. of Madhya Pradesh
Duration: 6 Months

- Hands-on experience in government technical education department
- Maintained records, reports, and official documentation
- Assisted in coordination and daily operations
- Developed understanding of public-sector work environment

3. **Codec Technologies – Data Analytics Internship (2 Months) With LETTER OF RECOMMENDATION**
   Duration: June 2025 – August 2025 (2 Months)
   - Completed AICTE & ICAC approved Data Analytics internship
   - Worked on data analysis concepts and tools
   - Learned data cleaning, basic visualization and insights generation
   - Gained hands-on exposure to analytics workflow

4.Next24tech – Data Analytics Internship (2 Months)
Duration: July 2024 – September 2024 (2 Months)

- Worked on practical understanding of data analytics concepts
- Applied analytical skills to real datasets

- Improved problem-solving and hands-on technical skills
- Learned industry-oriented data handling techniques

5. **Techkriti'24 IIT Kanpur – Campus Ambassador**
   Duration: September 2023
   - Represented Techkriti'24 at college level
   - Promoted events and student engagement initiatives
   - Improved communication, leadership and marketing skills
   - Coordinated between students and Techkriti organizing team
